

Makwan Barzan

iOS Engineer

Profile

As an accomplished iOS engineer and a CS graduate, I bring a wealth of five years of experience to the table with many published apps in the App Store.

My journey in iOS development, which started in 2018, has equipped me with the knowledge and expertise needed to create robust, innovative, and well-architected mobile applications. Whether Swift, Objective-C or SwiftUI, I have a deep understanding of the platform and a track record of delivering high-quality solutions that cater to user needs and business objectives.

My passion for staying at the forefront of mobile technology allows me to continuously evolve and excel in the ever-changing landscape of iOS engineering.
